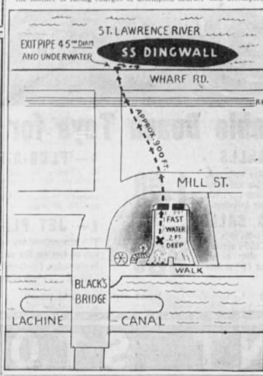
Where Death Scored a Near Miss

—Photo by Adrian Lonsy, Diagram by Owen MacCabe

Water rushes through the sluice gates where Mrs. Jeannette Roy, 33, and her 10-month-old baby daughter, experienced a nightmarish journey through a 45-inch pipe from the Lachine Canal to the St. Lawrence River. The gates, above, open to take spillage from the canal. As the diagram below shows, the pipe, serving as an outlet for canal water, runs about 900 feet underground from the canal to spill into the river. Mrs. Roy and her daughter are recovering from their ordeal, but the mother is facing charges of attempted murder and attempted suicide.



Scouts Return From England

28 Boys, 4 Guides Saw Coronation

QUEBEC, June 27 — (CP) — Canada's Coronation scout contingent arrived in Quebec today from Britain aboard the liner Samaria.

The 28 Scouts and four Girl Guides who lined the route of the procession outside Westminster Abbey on Coronation Day, were specially chosen to represent every province. They left Canada May 18.

During their stay in England the contingent was inspected by the Duke of Gloucester, uncle of the Queen, and chief of English scouts.

They were accompanied by B. H. Mortlock of Scout Headquarters in Ottawa, J. B. Cale, Shawinigan, Que.; D. M. Mikenhead, Renfrew, Ont., and J. Wright, Hamilton, Ont.

Representing the scouts of Quebec province were: Billy MacDonald, Montreal; James Edward, Three Rivers and Donald Ferrier, Montreal.

British Columbia sent three scouts, Alberta, Saskatchewan and Manitoba two each, Ontario 14, New Brunswick and Nova Scotia two each, and Prince Edward Island and Newfoundland one each.

Observer Centre Opened by RCAF

A new ground observer centre for the RCAF was opened this afternoon at St. Jerome, at ceremonies presided over by AVM D. M. Smith, CBE, CD, Air member for technical services at Air Force Headquarters in Ottawa. Group-Capt. J. G. Archambault, AFC, CD, assisted him.

The centre will be responsible for operating 277 observation posts within a radius of 125 miles from St. Jerome. These posts are situated every eight miles and will be manned by more than 3,000 civilian observers. This number, Air Force officials say will eventually be increased to 7,000.

Wing-Cmdr. J. A. Wiseman, who has organized Ground Observer Corps throughout Canada, and Wing-Cmdr. H. Marcou of No. 1 Air Defence Command, St. Hubert, also attended.

Officers Elected By Young Anglicans

WINNIPEG, June 27—(CP) — John Lightwood of Winnipeg was elected Dominion president of the Anglican Young People's Association yesterday at the end of a week-long conference at University of Manitoba.

Rev. L. F. Hatfield of Toronto was elected Dominion chaplain.

Other officers taking oaths of office were: John Ridout, Toronto, executive vice-president; Eileen James, Toronto, secretary; Isobel Davies, Ottawa, treasurer; vice-presidents representing the four ecclesiastical provinces of the church: Dorothy Hayward, Montreal (Canada); Gerald Kileg, Toronto (Ontario); Grant Dahl, Regina (Rupert's Land); Neil Robinson, Vancouver (British Columbia).

Athabaskan 'Train Buster'

Canadian Ship Joins Exclusive Club

TOKYO, June 27—(AP) — The Canadian destroyer Athabaskan, on her third Korean tour of duty, Thursday joined a select group of United Nations warships which specialize in the destruction of North Korean railroads, locomotives and rolling stock.

The tribal class destroyer was welcomed into the "Train Busters Club"—composed of ships which have destroyed one or more trains carrying supplies to North Korea Communists—when it derailed a locomotive and five cars, damaged several other units, and tore up a stretch of track.

Lookouts on the Athabaskan sighted the train shortly before midnight streaking between two tunnels. Salvos from the four-inch guns smacked the front of the locomotive.

Fog and low clouds prevented accurate observation of results so the Athabaskan resumed her coastline patrol, returning later to shell the train again. This time one of the cars was seen tossed in the air.

A second train was later spotted half a mile north, and was trapped inside a tunnel as wreckage from the other train still cluttered the track.

Polio-Stricken Area Gets GG

Alabama County to Get Mass Injections

MONTGOMERY, Ala., June 27—(UP)—A large shipment of gamma globulin arrived by air today as the number of polio cases in stricken Montgomery County swelled to 71.

More than 100 doctors were ready to begin mass injections of the drug starting next Tuesday as the Federal Government declared the county an emergency polio area.

The innoculations of all children under 10 years will mark the first test of gamma globulin against an infantile paralysis outbreak already in progress. Heretofore, the injections have been given on an experimental basis only.

The U.S. Public Health Service in Washington shipped 250,000 cubic centimeters of GG here last night after Montgomery County was declared an emergency area at the request of state and county health officers. Three polio deaths have already been reported.

The Federal Government's action qualified the county for extra supplies of GG which is expected to reduce the chances of contracting the paralysis often accompanying polio.

Cremation Plan Arouses Sark

SARK, Channel Islands, June 27 —(Reuters)—A proposal for compulsory cremation today aroused most of the 600 persons on Sark, one of the British Channel Islands off the coast of France.

Since land is valuable in this 1,000-acre island of dairy farmers, members of the Court of Chief Pleas, Sark's ancient parliament, proposed compulsory cremation to meet the eventual problem of where to bury the dead.

No islander has ever been cremated. Most of them are against the idea, even though Sark's four cemeteries will have to be extended.

113 Japanese Granted Amnesty in Philippines

MANILA, June 27—(AP)—President Elpidio Quirino issued a sweeping amnesty order today affecting all 113 Japanese convicted by the Philippine government as war criminals.

The sentences of 56 condemned to die were reduced to life in prison, and 57 others under prison sentences from 10 years to life were pardoned.

The 56 condemned Japanese will be sent to Sugamo Prison near Tokyo. The 57 pardoned will be released from a prison south of Manila.

Guild Urges Newsprint Cut

Publishers Asked to Make Formal Demands

BOSTON, June 27 —(UP)—The American Newspaper Guild's international executive board last night adopted a resolution urging publishers to demand a reduction in the cost of Canadian newsprint.

The resolution was adopted at a meeting in advance of the opening of the guild national convention here Monday.

"Since the value of the Canadian dollar, in relation to the United States dollar, has depreciated since the last increase made in newsprint, the guild calls upon the publishers to demand a cut in the price of newsprint corresponding to the drop in the Canadian dollar," the resolution said.

An increase in the value of the Canadian dollar was noted by Canadian newsprint producers as a major reason for the $10 boost in price of newsprint last year.

Amateur Angler Wins Jackpot of Prizes

NEWCASTLE, N.H., June 27—(AP)—Although he hauled in only one fish, Jack Bracken of Manchester took all the prizes in competition with a score of fellow anglers. Since all are insurance men, none had a professional advantage.

The fish Bracken boated off this port was a 3½-foot shark, which promptly gave birth to nine baby sharks.

It gave Bracken honors for the biggest, smallest and most fish caught on the trip.

Cantor to Survey 6 Nations' Music

Cantor Eugene Goldberger, of the Adath Israel Congregation here, will make a survey visit of Israel, Britain, France, Switzerland, Belgium and Italy on the assignment of his congregation, Joel Sternthal, president of the congregation, said today. During this tour, Cantor Goldberger will meet with leading cantors and Jewish musicologists in these countries to discuss current tendencies in liturgical and folk music.

Mr. Goldberger was born in Czechoslovakia to a family devoted to cantorial music for many generations. He studied at the Cantorial Seminary and the Royal Conservatory of Music in Vienna and continued his post-graduate studies in Milan.

Institute Honors Aircraft Designer

A. E. Russell, chief designer and a director of the Bristol Aeroplane Company, England, was one of six British aircraft designers honored at a Coronation Year ceremony of awards held by the Institution of Engineering Draughtsmen and Designers in London, it was announced here today by the Bristol Aeroplane Company of Canada.

Mr. Russell was presented by Lord Westwood of Gosforth, president of the institution, with an illuminated Honors Diploma for his work as designer of the Britannia, soon to make trans-Atlantic flights to Montreal under the colors of BOAC. The scroll, described by the IEDD as "the highest professional honors award," has been won by less than a dozen engineering designers in the past.

ROME, June 27 — (UP) — Rev. Fernand Lacretelle, French Jesuit and administrator of the Prefecture Apostolic of Haichor, Kiangsu, China, has been arrested in Shanghai by Chinese Communist authorities, the Catholic news agency "Fides" said today.

A number of American Jesuits in Shanghai were reported arrested earlier this month.

The French Catholic agency said no reason for any of the arrests has been made public.

Woman Sleep-walker Climbs Tree—Rescued by Fire Dept.

ENID, Okla., June 27 —(AP)— A 27-year-old Enid housewife, who sleep walks at midnight when the moon is full, was found nude early today picking leaves 20 feet up in a tree.

Police answered a call from her distraught husband, who was unable to find his wife.

He told authorities his wife often walked in her sleep and it was always when the moon is full and around midnight.

Police reported the following events:

The husband found his wife missing from her bed shortly after midnight.

He searched the neighborhood and was unable to find her. Alarmed, he called Enid police who also started searching the area. The woman was spotted in the tree as a full moon illuminated the weird scene.

The woman, still asleep, was nude and picking leaves while she balanced on a limb 20 feet in the air. The fire department was called and rescuers working silently so that the woman wouldn't be startled, stretched a life net under the tree.

The husband then climbed the tree, carefully wrapped his shirt around his wife and gently awakened her.

She fell into the net and he followed, grabbing his frightened wife before she could run off and hurt herself.

The husband reported later his wife was extremely nervous but apparently none the worse for her experience. However, he said he would watch her a little closer when the moon is full.

Winter or Summer—

SOMETHING'S ALWAYS SELLING!

People Keep Buying All Summer Long!

PLENTY OF CUSTOMERS! In an average week during the summer, 94% of all families are *not* on vacation — they're at home!

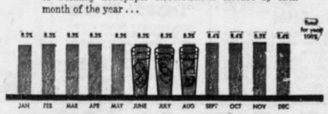
THEY NEED THINGS! For their vacation trips . . . for weekends . . . or for just plain living—and in summertime folks live better than ever in many ways!

OPPORTUNITY KNOCKS every day of every week — June through August — if you'll simply promote the products and appeals that sell in summer . . . from fashions to outside furniture . . . from apples to air conditioners . . . from special car checkups to savings on winter furs or fuels.

BUSINESS CAN BOOM if you sell to all the folks who can possibly buy — by advertising in the medium that folks *never stop needing.*

People Keep Reading Newspapers All Summer Long!

NO SUMMER REPLACEMENT for the Newspaper! People keep buying the paper and reading it — as much in July as in January! See the chart below. It shows how a year's total of weekday newspaper circulation is divided by each month of the year . . .



JUST ABOUT EVERYBODY reads the newspaper . . . almost every day. Day or night, at home, in bus, or train, or car. A quick headline or full story . . . in pictures and words that can't be doubted or denied.

INSIST on advertising in the medium that reaches *all* your customers *all* summer long!

The newspaper is always "first with the most"
